In re the Patent

Patent No.: 7,626,919

Inventor: Kenichi MIYOSHI, et al.

Art Unit: 2416

Appln. No.: 10/542,772

Exr. D. SAMUEL

Filed: July 20, 2005

Conf. No. 9215

For: OFDM SIGNAL COLLISION POSITION DETECTION APPARATUS AND
OFDM RECEPTION APPARATUS

REQUEST FOR CERTIFICATE OF CORRECTION
PURSUANT TO 35 USC 254 (OFFICE MISTAKE)

Honorable Commissioner of
Patents and Trademarks
Washington, DC 20231

Sir:

A Certificate Of Correction of the above-captioned patent is respectfully requested.

Grant of this Request is respectfully requested in accordance with the provisions of 35

USC 254 which states:

35 U.S.C. 254 Certificate of correction of Patent and Trademark Office mistake.
Whenever a mistake in a patent, incurred through the fault of the Patent and Trademark Office, is clearly disclosed by the records of the Office, the Director may issue a certificate of correction stating the fact and nature of such mistake, under seal, without charge, to be recorded in the records of patents. A printed copy thereof shall be attached to each printed copy of the patent, and such certificate shall be considered as part of the original patent. Every such patent, together with such certificate, shall have the same effect and operation in law on the trial of actions for causes thereafter arising as if the same had been originally issued in such corrected form. The Director may issue a corrected patent without charge in lieu of and with like effect as a certificate of correction.

In the present patent, Item (54), title of the patent, should read "OFDM SIGNAL COLLISION POSITION DETECTION APPARATUS AND OFDM RECEPTION APPARATUS" as shown on, for example, the Declaration for U.S. Patent Application filed with the USPTO on July 20, 2005.

However, Item (54) in the Letters Patent which issued on December 1, 2009, incorrectly reads: "OFDM SIGNAL COLLISION POSITION DETECTION APPARATUS AND OFDM RECEPTION DEVICE."

In the present patent, claim 2, column 13, line 31, should read "power of data signal;" as shown in, for example, the Supplemental Amendment filed on June 19, 2009.

However, claim 2, column 13, line 31, in the Letters Patent which issued on December 1, 2009, incorrectly reads: "power of data signal,".

It is submitted that issuance of a Certificate of Correction is warranted under 37 CFR 1.322 and MPEP 1480 in that the above-noted errors are consequential, are not of a minor typographical nature, and are not readily apparent to one skilled in the art.

Grant of the attached Request for Certificate of Correction is respectfully solicited.

Respectfully submitted,

/James Edward Ledbetter/
